

**Kathleen Klein / WM (Formerly Waste Management), Wixom, Michigan**

Kathleen has been employed in the environmental industry for over 30 years. Her primary focus has been working with environmental consultants, manufacturers and municipalities needing to dispose of waste at regulated waste disposal facilities. Since 2008 she has served as a Community Relations Representative for WM, the nation's leading environmental services provider. Her current work involves public presentations for community members, school students and individuals in SE Michigan - educating about recycling, sustainability and all that's involved in the management of the waste we generate.
